### REGULAR BUSINESS

**Minutes of July 6, 2021:** A motion by Youndt second by Erb to approve the minutes of July 6, 2021 with amendments. Motion carried.

### PUBLIC COMMENT

**Irvin Peifer, owner of Green Acres Mobile Home Park:** Mr. Peifer asked if there was a way to hook the mobile home park up to public water and service the mobile home park on an as needed basis. The park is currently on a well that fills a 10,000 reservoir. He estimates that the park uses approximately 7,000 gallons of water per day. The Green Acres Laundromat is also hooked up to the private well and uses an estimated 2,000 gallons per day. The Water Authority members advised that the Township may not hook up any part of the water system to a private well. Dale Kopp, former Engineer for the Water Authority, looked into this issue in the past. Engineer Schober will search for the information and forward to the Authority members for review. Manager Seesholtz will send a letter to Mr. Peifer to let him know what the options will be based upon the research.
